

Whether you are an advanced golfer, or wanting to learn the basics, Seckford Golf Club caters for all golfers of all abilities.

Our Professionals believe that golf lessons should be as simple as possible with easy to understand instructions. With regular lessons they will steadily build a sound golf technique which can be repeated on the golf course.

They will try to understand both your strengths and weaknesses and use their knowledge, which they have gained through experience and qualifying at the PGA Academy, to improve your weaknesses whilst maintaining your strengths.

The best way to learn is to receive the information in small amounts without trying to cram the mind with the vast amount of swing building ideas out there. Remember, sometimes less is more!

Golf takes time to learn so practice the right things, be patient and you WILL improve your scores. **That's our promise.**

Winter Lesson Packages

2011/12
